

**Consolidate Errata File for *Barbarossa Deluxe***  
**This file was created on 21 September 2016**

**Unit Counter Errata**

The Soviet *2<sup>nd</sup> Mechanized Corps* should be set up in hex 2911 rather than in 1011 as is printed on the backside of its counter.

The Soviet *LPMA* unit should have “2/1011” printed on its backside rather than the “20/1011” that’s printed there.

**14.0 Scenario: Operation Citadel & Manstein’s Gambit, 1943**

In rule 14.6, in the set up listings for the Soviet units, some text has been jumbled by a line-spacing typo. The clarified listings for those units are as follows:

1110 – 2Sh, 4, 8, 54

1210 – 52, 59

1310 – 11, 34

1411 – 1Sh, 22

In rule 14.7, change the set up hex given for German 40<sup>th</sup> Panzer from 2503 to 2505.
